Whitefish has 3,000 acres, 105 marked runs with 300" of snow annually. This is a big mountain with 14 lifts including 3 high speed quads. Summit elevation is 6,817 feet with 2,353 feet of vertical. 12% beginner / 40% intermediate / 42% advanced / 6% expert. The Mountain offers something for everyone with excellent beginner terrain! There are 7 restaurants, 4 accessible by skiing. Whitefish is Ranked #3 for service, #5 for value and #10 for overall satisfaction by SKI Magazine readers. Expect moderate temperatures. Lunch at Hellroaring saloon is exceptional and the legendary Bierstube is the place to visit after skiing. We will make at least 1 trip into Whitefish to take in the great restaurants, bars (\$1 beer last year!) and dance! Enjoy a true rustic Montana vibe.
